

Please note, I have received information in which the Dutchess County Sheriff's Office's Pistol License Office is receiving a tremendous amount of phone calls regarding pistol re-certification, as well as complaints relative to this same subject.

The Sheriff's office, nor the County Clerk, has nothing to do with this process; please advise members that if they have any inquiries, they must follow the State Police protocol via this site: <https://troopers.ny.gov/Firearms/>. Many of the frequently asked questions regarding re-certification can also be found through this site.
